

contentXXL ASP.NET Business Content Management System

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

With contentXXL you can easily and safely create multilingual and dynamic websites with structured content objects on the basis of more than 50 out-of-the-box ASP.NET components. Modules are simply placed in browser using drag&drop. A powerful Content Relationship Management System is used to relate all types of objects, e.g. products, contacts, events or documents using topic maps. contentXXL has advanced multilanguage features like in-context language switching and language fallback to default language. Connectors for Sharepoint and Active Directory, more than 30 Certified Solution Partners worldwide. Examples: <http://www.schleuniger.ch> , <http://press.adidas.com>, <http://eu.shuttle.com>, <http://www.prominent.com> ... New contentXXL Entry Edition (very few limitations): \$2,972
