Contest Burner is specifically designed to create a variety of different types of contests for your website. The most popular is the viral word of mouth contest where users get points for referring their friends to your site. You can assign points for Facebook posts, Facebook likes, Tweets, YouTube comments, YouTube subscribes, YouTube video responses, referrals who sign up to your site, clicks generated from referrals & over a dozen different ways. Contest Burner is a robust & feature rich piece of software that also comes with training on how to best design and market your contest. With the Contest Burner "Ultimate Edition" upgrade you can even integrate with your existing affiliate program, selectively show content to users based on their points standings & even award points for all sorts of actions (like reading a blog post, newsletter, video or clicking on a link)
