Cookie Based Picture Viewer

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This JavaScript allows you to have a large collection of images displayed. It uses cookies to determine which picture to view. To set up, you will need to modify the javascript include file last_month.js anytime you add or remove images. This picture viewer was created for the simplistic nature of adding more images, and running completely on the client side.
