

Cost Based Pricing for Magento

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Calculate your product prices based on the “Cost + Price Markup” formula. Cost Based Pricing extension will enable you to specify the cost and price markup for each product. The extension makes it easy to manage prices: you can define the rules that would automatically trigger the markup change according to the sales level, and once the markup is changed, all prices are also automatically updated. Full list of features is available on the product page.
