CostaPacific Realty Version 1.1 is an income-generating Real Estate Listing Software with the ability to charge listers. Perfect for Real Estate Agencies, Private Agents or City & Community Websites. Not only can you use it to publish your own listings, it has a complete member system so other agents can list as well. It includes a great admin area, banner advertising and membership fee collection via multiple gateways already set up. Add featured properties, allow agents to get email alerts of searches and more. You can use the script stand alone or included in your existing website.
