Creativyst JavaScript Compressor

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Creativyst's JavaScript compressor allows you to format and comment your JavaScript code liberally and then compress it all out of your distribution script. You may use whatever JavaScript coding style you'd like, such as line-feeds without semi-colons. Run this compressor free from Creativyst's site or purchase a license to run it on your intranet or browser.
