Mobile Number	{value_mobile_number}
Email	{value_email}

Creativyst™ Glossary is a Perl program that allows you to easily add and maintain a glossary of terms for your visitors. With Creativyst™ Glossary you can: Include illustrations and tables in the text of your definitions. ; Exactly match the style of your glossary to the style of your site; Know which words visitors looked for and did not find; Share your glossary content with other websites; Chain to alternate glossaries when a term is not in yours; Your glossary may be named an alternate by other websites too.
