

CS Restaurant Menu

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Easy to use interface allows you to create unlimited food menus as needed (seasonal, holiday, specials, etc.) Add, edit, rearrange and hide/view your menu items with ease anytime, anywhere you have internet access. You have the option to use type or graphics headers for menu name (Lunch, Dinner, etc.), and category name (Appetizers, Salads, etc.). Hide or show menu items as needed. Integrates into your design with one line of code. Fully customizable menu layout or select classic or standard layouts provided. Free installation assistance
