Free currency converter displays results on your site. Implemented with a few lines of javascript. There are a few web site currency converters out there, but for the most part they show the results on another site. Our converter shows the results on YOUR SITE. It is easily implemented on any web page with a few lines of code. The converter can be customized to show a default conversion for the currencies and the conversion amount of your choice. Convert and compare foreign exchange rates for more than 40 different currencies and growing.
