

Currency Geo Filter Magento Extension

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

The "Currency Geo Filter" Magento extension detects a visitor's country by IP Address, automatically displays product prices in your consumer's home currency and redirects visitors to the proper website according to their location.. The client can manually switch any other currency from the multi currency list pre-selected by the web shop administrator.
