Currency Pricing Magento extension

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

With this Magento extension you will be able to set different currency prices that are not based on currency conversion rates for each product. You can, at your own discretion, adjust unique product prices in different monetary units, for example you can set pretty prices instead of calculated by rates.
