

Custom Options Templates for Magento

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Create products with the same or similar custom options a lot faster! Custom Options Templates extension enables admin to create templates of custom options, which can be reused. With this extension you can create custom options templates and mass assign products to templates. It enables admin to apply an options template when creating/editing a product. Templates can be applied both as integral sets of non-editable options and as sets of editable options. Full list of features is available on the product page.
