CyberOffice Shopping Cart (CyberShop)

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Offers a complete, database-driven online/offline ordering system. It does the job on site, in real-time. Web authors simply add a few lines of HTML codes either manually or programmatically to any Web pages on which there are items to sell (either physical or digital goods). When a visitor clicks on the
