

# Delivery Date during Checkout for Mangeto

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

This extension makes it convenient to manage delivery schedules both for you and your customers. The extension enables Admin to: \* Specify the days that are available for delivery; \* Specify the time that is available for delivery; \* Set minimal interval between the order and delivery date; \* Add holidays to the calendar, so that the customers won't be able to choose holiday dates for delivery; \* Indicate time after which same-day delivery is unavailable; \* Disable next day delivery; \* Filter and sort orders by delivery date. \* Edit delivery date and time in order details;
