DevPlanner - personal planning and estimating tool

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

DevPlanner is a hierarchical planning and estimating tool. It helps managing tasks and daily schedules. Shows early and current estimates, as well as actual time spending. Provides history navigation, customizable reports, including project reports and timesheets, powerful search and time tracking, what can reduce effort on common administrative tasks. Convenient for preparing detailed work breakdown and accurate project time estimation.
