Email	{value_email}

This utility program displays a 4,096 color spectrum in a 3 dimensional pallet. The pallet is a larger cube made up of smaller cubes arranged in 16 layers of 16 rows of 16 cubes. The controls allow the user to change the angle of view, the layer depth, the color selected and a historical list of previous selections. The color values are represented by both hexadecimal vales and RGB values.
