DHTML Easy Countdown

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Features: 1. Displays as "X days XXh XXm XXs" 2. Extremely easy to install 3. No modification of any javascript needed! 4. User adds script tag in head section, then adds an ID to a HTML tag, done! 5. Effortlessly supports multiple countdown timers per page. 6. Timer keeps synchronised to the computers clock so no running fast or slow! 7. Designed to be styled with CSS 8. Built with web-standards, accessibility and ease of use in mind. 9. Partial functionality for users without a javascript capability (e.g.: no accessibility discrimination) 10. Full instructions and examples provided
