DigiOz Links Script

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

The DigiOz Links script is a PHP driven links system that stores all the entries in a simple text file. It is very simple to install and use, and the header and footer files included with the script allow you to customize the script to blend in with the rest of your website.
