It is easier than ever to add a blog to DotNetNuke powered portal with our Blog Machine. Blog Machine allows to create the entire blogging communities and single blogs within DotNetNuke with pleasure. You can add videos, pictures or sounds to your DNN blog posts without any limitations. Blog Machine integrates with the third party DNN modules helping to maximize your blog functionality. As a result, you can add a video player, picture galleries, charts, calendars, twitter dashboards, google maps, adv banners or any other DNN modules to your blog.
