<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

Dolphin is Web-based accounting software that allows access to a database from anywhere with an Internet connection, and features order entry, invoicing, a shopping cart, inventory control, accounts payable, accounts receivable, purchasing, general ledger, a CRM, marketing, a user friendly point-and-click environment, the ability to email directly from program, bulk emailing, and an easy-to-use user administration area. The manual can be downloaded or viewed online. The Dolphin Enterprise Edition is now available and contains enhanced contact management, faster report generation, new menu system/homepage, increased calendar integration and more. Dolphin is now available in four different versions including a free version.
