

Download Processor (FORM)

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This script will create a log, which contains the number of times each file was downloaded, and redirect the user to the requested file. There is also a 'Missing File' feature that will log all files that were not found and redirect the user to the 404 Not Found HTML page.
