Dragon Events Listing

Address   {value_address}
Contact Person   {value_contact_person}
Mobile Number   {value_mobile_number}
Email   {value_email}

The Dragon Internet Events Listing Application is one of the most feature packed calendar and event listing applications available. It is ideally suited for both small scale applications such as Clubs and Societies, all the way up to major regional events listing services. The whole application has been written under Macromedia UltraDev 4 and uses an Access database, so customisation is extremely quick and easy.
