

# DropDownMenu

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

The DropDownMenu applet operates like any normal drop-down menu. Incorporates configurable applet background color, list background color, text color, font face and size. Can be set to play an .au file when an item is selected, target frame to display selected item can be set for each list item. Reads from a text file (easy to change).
