

# Dynamic CSS & JS Minifier

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

This reduces the transfer rate of your CSS and JavaScript Files from the Web Server to the Browser and definitely gives a positive impact on your bandwidth usage as well as it reduces the loading time by caching the output. By caching the output, this script reduces the number of requests to the web server every time the website is visited.
