

Dynamic Slide Show With Fader Effect

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This easy, short, cross-browser cut-and-paste script presents images in a continuous slideshow format -- with a fader effect on image transitions in IE. Any number of images can be used, and timing is adjustable. Great for newcomers, but a solid utility script, too.
