

Dynamic Tools Ajax Script

| | |
|-----------------------|------------------------|
| Address | {value_address} |
| Contact Person | {value_contact_person} |
| Mobile Number | {value_mobile_number} |
| Email | {value_email} |

Starting out with Ajax can be a bit daunting. A lot of the scripts you'll find aren't threadsafe, can only send get requests or just plain aren't flexible. This script allows you to send an Ajax request with just a single line of code and handling the response is a breeze!
