Easy 360° Product Viewer it's a a rich-feature and unique tool with a fully responsive layout which allows to display a large number of images from different angles of a 2D or 3D product offering control over the layout in the way that pleases you most, allowing the user to rotate, pan or zoom the images. Additionally it has an awesome feature called deep zooming, when the image is zoomed it can be viewed in great detail by loading a more detailed version of the image this way allowing the usage of high resolution images without compression. Easy 360° Product Viewer is mobile optimized running great on iOS (iPad,iPhone), Android and Windows8 mobile devices and of course it works on every modern browser and older browsers like IE7 or IE8.
