ECHO_COM_Object

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

ECHO_COM_Object drives all types of real-time credit card and check transactions using ECHO merchant processing's free secure payment gateway and open-source real-time software. Supports system check, address verification, authorization and deposit, deposit, credit, commercial card, electronic check debit, and more. ECHO_COM_Object makes it easy to connect to ECHO. Ideal for all commerce applications. Perfect for ISP/IPPs to use for billing their clients, since this supports electronic checks as well.
