

EFrontEnd 1.0 (File uploader)

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

EFrontEnd allows adding files/folders to a queue before uploading with jClientUpload Applet. It supports drag & drop, paste from clipboard, file chooser, pop-ups to manage selection, tooltip and sortable columns. The UI could be customized (time remaining, transfer speed, colors, buttons, alignment, columns, messages, ...). Online demo and screenshots are available.
