eLouai's Force Download Script

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

An easy to use force file download script, especially useful for sites that have large media files and would like people to download the files locally instead of playing them remotely off the web server. Usage: http://www.yoursite.com/force-download.php?file=filepath
