Full Product Search: Search for products just like a customer would and display the results in the products grid. This is extremely handy when helping a customer find a product. To clear a search filter, click on "Reset Filter". Grid Row Highlighter: Highlight a bunch of rows by dragging your cursor over the rows while holding CTRL. Each highlighted row will be checked off. This will apply to all grids (including the catalog grid). Catalog Grid Thumbnails/Images: Shows product thumbnail images in the catalog product grid in a very organized and maintainable manor. Persistent Catalog Grid Settings:
