eRecommend Site

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

eRS (eRecommend Site) allow visitors to send (Recommend) an e-mail message about your site to friends simply by entering the email address (and name optional). It's ensure that two good email addresses are entered to avoid anonymous spamming. The message and result look page are customizable, and a copy can be mailed to the site owner by turning this option on. Very easy to install.
