We have developed ES Professional Pay Per Click (PPC) Search Engine! ES PPC provides you a quick and easy way to start your own search engine and earn money by displaying relevant sponsored results taken from external Pay Per Click feeds or your own sponsors. Do you wanted to have your own Website Portal or Google? Your dream comes true with your own PPC system! Just upload files to your server, install ES PPC script, and promote your own search system. The advertisers can come and pay you money for the ads you'll place there. ES PPC system contains four areas: Admin area, Advertiser Area, Affiliate area and Search area. It programmed using PHP programming language and MySQL database, which make it very productive. High scalability and flexibility allow to configure it according to clients needs.
