<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

The event calendar has now been updated to allow multiple events per day, also these events can be categorised under unlimited categories. Administrators can add as many categories as they wish, when adding a new event simply choose which category the event belongs. Visitors to the calendar then can see all the events, or filter them depending on the category.
