eZ publish online editor (OE) is an editor which will be integrated in your eZ publish admin interface. With OE you can write and edit all content on your eZ publish site through a user-friendly interface. The online editor is available for both eZ publish 3 and eZ publish 2.2. Making headers, bold or italic text, tables, links or adding pictures has never been easier. It works like normal word processors and there is no need for tags or html.
