Tired of trying to figure out how to fit the iBill pincode system into your Website? Would you like to just be able to set up your HTML join page and have the rest happen behind the scenes for you? Then eziBill is for you. This handy script will interface with your iBill new account process and make it hands-free for new members to join your website. With the optional Admin Mod you can add, delete and manage your website enrollment process with ease.
