eZip Wizard is an easy-to-use, inexpensive solution for today's compression needs. With a familiar Wizard interface, eZip makes working with ZIP files as easy as 1-2-3. Best of all, eZip is free for unzipping. Features include: Create, update or decompress any ZIP file- even older PKZIP files; Create self-extracting .EXE files; Automatically email ZIP files using your MAPI-compliant or Internet email system; Store the directory/folder structure to be used when unzipping files; Control the amount of compression used to make your ZIP files even smaller; Password protect ZIP files; Multiple disk spanning; automatically launch compressed installation programs without having to unzip the ZIP file; drag and drop capabilities; anti virus support; desktop shortcut; uninstall script, delete original .zip file and Quickview Plus support.
