ezWaiter provides restaurants with the ability to expand their business through online customer interaction. Customers can order from your menu for takeout or delivery online. Customers simply place orders from your online menu and the orders are then faxed or emailed to you. Your online ordering site can stand on its own or be integrated with your existing Website. If you run the system on your own server, there are no per order fee's. Licensing is based on the number of restaurants you wish to support, anywhere from 1 to unlimited. NEW - Now you can accept paypal payments for your restaurants online orders!
