EzyPal 1.5 a powerful, yet affordable, fully-automated ecommerce application which delivers digital goods. EzyPal is seamlessly integrated with PayPal IPN to provide secure and automated transactions. Includes fully-featured product catalog system, a powerful and extensive administration control panel, a content management system with a WYSIWYG editor, an online file and image uploader, detailed transaction logging with statistics, an export feature to view/import store data into spreadsheet or email software, an optimized product search engine, a unique product activation system, a centralized customer interface, an easy-to-use templating system, an online installation wizard, and much, much more. Built on stability of MySQL and PHP.
