Favorites Manager ASP

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This Favorites Manager ASP code is a server-side, multiuser web application that provides all the tools needed for the creation, editing, import and export of a hierarchical collection of links. Highly Visual GUI with toolbar and treeview display of bookmark folders. Store your links (or site visitors') on your server and access or manage them from anywhere on the net. Give your projects a central repository of document links, which anyone in the company can access and contribute to.
