Flash Text Scroller Wizard is a tool that allows you to design your text scroller in a few minutes and instantly see the results. Flash Text Scroller is a highly configurable vertical text scroller and vertical news ticker. This text scroller features smooth scrolling, URL links, the scroll content is loaded from a separate text file, configurable background color, and basic html tags. This is a cross-browser text scroller. The new version of Flash Text Scroller supports embedded fonts.
