Flashline.com provides software component products, services and resources that facilitate the rapid development of software systems for business. Flashline's flagship product, Flashline Component Manager(tm), Enterprise Edition, provides the first comprehensive software component reuse solution that enables, promotes and measures reuse. Additionally, Flashline offers an extensive online marketplace of world-class JavaBeans(tm), Enterprise JavaBeans(tm) and COM components, as well as quality assurance testing, auction-based outsourcing, an open component registry and programming articles and resources.
