MASTER RESELL RIGHTS FOR THIS SCRIPT AND OVER 100 MORE INCLUDED IN THE PRICE!!! GIVE AWAY FORMS TO TARGET ONLINE CONSUMERS WITH ADS CGI script allows you to setup in minutes and users signup to build forms to use for selling products, surveys, or whatever. Easy to use web based interface helps clients build forms even if they don't have a clue about html. They can also add custom autoreply messages, delete forms and build as many forms per account as they wish. Each form has a custom header and footer area for you to display banners and information so its a great way to target BUYERS. Set it up on a secure server and you have about the best banner targeting available! All administration is done through the browser. Shows you how many forms are currently online and how many forms have been executed. Admin panel allows you to broadcast email messages to all users though the web. Also allows you to add a custom email signature to each outgoing message.
