

# Free Active Servers Counter

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

This is a simple ASP script that lets you count and show in your pages the number of active visitors in a given moment. The script has two parts: a file name global.asa, and a small code to place in your pages to show the number of active users.
