FreeASPCode GuestBook

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This is an ASP GuestBook application. It offers an Admin section that will allow you to edit or delete any of the entries. It also logs the IP Address of the user when they submit an entry but will only let the Admin see the IP Address. The guestbook is available for SQL Server 7 or Access 97.
