

Front-End Editor for Magento

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Front-End Editor extension enables Admin to edit product information and static pages content directly from the website, which is much more convenient than using the back-end. Front-End Editor features: * Enables a logged in Admin to view the front-end in the “Front-End Editor” mode; * Allows for editing product information, static blocks and static pages; * Creates “Edit Product” and “Edit Page” buttons, which open pop-up windows with editing interface; * Provides the same editing options that are available in the back-end; * Compatible with Advanced Permissions extension; * Supports English, German, French, Spanish, Dutch and Italian languages; * Comes with a User Manual; * 100% Open Source.
