f you are a professional photographer or graphic artist, you need to present your portfolio in the most eye-catching and dynamic way possible. Using advanced Macromedia Flash technology, you can now do this! This Flash photo / image gallery allows extensive customization, so that you can make your portoflio look almost any way that you want, within certain layout constraints. Eye-catching special effects have been built in to the image loader and thumbnail loader, so you don't need to even though the Flash-side. Just add your non-progressive JPG images to the appropriate directory, and then off you go!
