Gallery FLASH RSS News Ticker is a new ticker applications for displaying RSS (Really Simple Syndication) feeds, it is an application built in Macromedia Flash. These will read RSS 2.0-compliant XML feeds. RSS is an XML format used for syndicating news and similar content from online news sources. Our product show on your site or on your desktop the latest news in real time. You can click on any feed item and go straight to the link! 100% of the Flash source code is included. Only one News RSS feed will be parsed and dispaley on application, but you can change the address of RSS from a small cfg file or with a active server page PHP/ASP.
