

# Generating a random number in JavaScript

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

A random number is useful- if not required- in the creation of many popular JS applications, such as a dice, random image script, or random link generator. Learn how to generate a random number in JavaScript.
