

# Gift Helper Script

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

The Gift Helper Script is a script that allows visitors the ability to click an image of a gift while looking at items for sale on your website. They then enter the name and email address of a friend or family member. The script will send a greeting card which also has a link back to your site where the purchase can be made. You can set the count down date to any specified date and the page will automatically display how many days are left.
